

## Position available: Clinical Psychologist | Registrar | Psychologist

### About us

Penrith Therapy Centre is a vibrant, group psychology practice with a strong reputation and referral base following 30 years of continuous operation. We take great care in fostering a supportive, collegial, and enjoyable work environment for our team.

We have recently moved to a purpose-built clinic. This comprises spacious, light-filled, consulting rooms in a renovated cottage with adjoining newly constructed staff and reception facilities.

### The role

Due to the combination of high demand for psychological care and our additional clinic space, we are seeking to grow our team.

The Clinical Psychologist / Registrar / Psychologist position(s) we are offering are flexible and can be tailored, for example, in terms of work hours and caseload composition. Generous remuneration and full administrative and practice management support are provided. Individual and group supervision is available.

Clinicians of all career stages are welcome to apply. Our practice has an excellent track-record of supporting registrars through to the completion of their program.

Please see our [website, including the "join the team" section](#), for additional information about the practice, our recruitment philosophy, and some of the benefits of working in the Nepean / Blue Mountains area.

### Contact Details

We invite interested clinicians to send their CV, together with a short covering letter indicating their clinical interests and experience, to [reception@penriththerapy.com.au](mailto:reception@penriththerapy.com.au)

This will be followed up with an initial video- or phone-meeting with the clinical director, Rudi, to discuss your preferences and the role, with an interview potentially to follow at a later time.

Phone enquiries to 02 4721 1488
